

COMMUNITY DIRECTOR UPDATE

JUNE 1, 2025

GREETINGS FROM YOUR COMMUNITY DIRECTOR - KATHLEEN CHAPMAN

As June arrives, we welcome the start of summer, the end of the school year, the opening of the Cherry Point Family Housing Community pool, and the beginning of PCS time for many families. With all this movement and activity, we ask everyone to stay alert and drive cautiously through the community. Your awareness helps keep all residents, especially children, safe as they enjoy summer.

To the families preparing to PCS, Thank You for making Cherry Point Family Housing your home. It has been a pleasure having you as part of our community, and we wish you safe journeys to your next duty station. If you find yourself coming back to MCAS Cherry Point, we would be honored to welcome you home once again. To our new residents, Welcome. We're thrilled that you've chosen to make Cherry Point Family Housing your home. Our Community Team is here to support you with whatever you need.

If you have any questions, feel free to stop by your community center or contact us by phone at (252) 501-2511 (press 2).

GOOD NEWS STORIES

Kudos to our Team on their 5 Star Reviews

"The technician was amazing! He Courteous, informative, patriotic and smart. He basically re-engineered the door back together to make using it so easy! Highly recommended!"

SAFETY TIPS

Keep your children safe, according to the Consumer Product Safety Commission, approximately 4.5 million children are injured by hazards in the home each year. Parents should teach their children about safety at home, at school, on the playground and while traveling. This includes knowing their address and how to call 9-1-1. Never leave young children unattended.

Some helpful ideas to keep kids safe are:

- Cover all unused electrical sockets and keep electrical cords out of children's reach.
- Install protective padding on the corners of furniture with sharp edges.
- Use safety latches and locks on cabinets and drawers.
- Protect children from dangerous areas. Install safety gates at the tops and bottoms of stairways.
- Secure tall bookcases, televisions, or other pieces that might tip over.

MAINTENANCE TIPS

Temperatures are rising outside and it's time to lower those thermostats. We are working through the process of completing our annual preventive maintenance to ensure all AC units perform well for your family all season long. Additionally, how you operate the system can play a pivotal role in your systems longevity and ensure it functions at peak capabilities.

The following tips will greatly assist with this task

- Set and maintain your cold setting at no lower than 68 degrees, setting lower puts extra strain on systems and may cause it to freeze.
- For optimal performance, always set your system to the AUTO position. This allows it to run efficiently, adjusting as needed to maintain comfort. Leaving it in the ON or RUN position continuously doesn't allow the system to cycle properly, leading to increased humidity levels in your home. Excess humidity can make your space feel uncomfortable, create dampness, and even encourage mildew growth. Keeping it in AUTO helps regulate moisture and ensures a healthier indoor environment!

Following these tips will greatly add to the ability to keep your home cool and comfortable all summer long.

POOL OPERATING HOURS

Slocum Village Community Center Pool Hours

Pool passes are available for pick up at any Community Center, and as a reminder, each family will need one to access and use the pool.
